WHOLESALE PRICE LIST

of

General Nursery Stock

# Angelica Nurseries

*Growers of Fine Plants*

FALL 1960

SPRING 1961

MAIL ADDRESS & OFFICE:  
R. D. #1, Mohnton, Pa.  
Phone: Reading SP7-3831

NURSERIES:  
Angelica (nr. Reading) Pa.  
Chesterville, (Eastern Shore) Md.

## INTRODUCTION

Once again it is our pleasure to present you with a copy of our new wholesale list.

In our unending efforts to serve you we are continually seeking and practicing better methods of production. This, we believe, you will find reflected in our list. We are operating 500 acres which enables us to offer great quantities of small landscape and cash-and-carry size material as well as heavier specimen stock. Our supply of broadleaves; items such as *Ilex Opaca*, *Aquifolium* and *Crenatas*; *Pieris* and hybrid *Rhododendron* in particular; are in good supply, of excellent quality, and we have been able to lower prices on many items. Proof of our every effort continuously directed toward developing and growing good heavy plant material offered at the lowest possible price, and to merit your confidence and good will. Your patronage makes this possible and we wish to express our appreciation with a most hearty thank you.

In addition to our usual items as in the past, we are offering great quantities of small cash-and-carry type plants in broadleaf and narrowleaf evergreens, flowering and shade trees, and shrubs. These are ideal items for the sales yard. Your inspection is invited and, quality considered, you will find our prices quite competitive.

You are most cordially invited to visit both our nurseries and inspect our acreage of plant materials. Our office is located at Angelica, near Reading, Pa. At this nursery you will find most heavy landscape material. Great quantities of smaller stock and cash-and-carry items are growing on our farm on the Eastern Shore of Maryland, at Chesterville, Kent County.

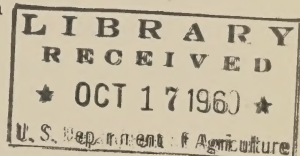

Yours sincerely,

ANGELICA NURSERIES

## TERMS AND CONDITIONS

This list cancels all previous quotations and prices listed herein are subject to change without notice. Material offered subject to prior sale.

All prices are f.o.b. our nurseries.

All stock when especially selected in the nursery will be sold at prices commensurate with the values of the specimens chosen.

Terms: Deposit required on all orders to be held more than 60 days. Cash in advance unless satisfactory arrangement is made when orders are placed. 2% discount allowed. To those establishing accounts with us terms are 2% 10 days, net 30 days. Interest at 6% per annum to be paid after maturity.

Plants become your property upon delivery to carrier and we cannot be responsible for loss, damage, or delay in transit.

We express or imply no warranty as to productiveness or life of stock. We assume no liability for delay or failure in filling orders due to strikes, accidents, crop failures or other causes beyond our control. It is mutually agreed that our liability for untruthfulness to name is confined to free replacement or refund of purchase price.

Claims must be made in writing within five days of receipt of goods.

All orders are based on the distinct understanding that the purchaser agrees to the conditions of sale as stated above.

Please use your printed business stationery in all correspondence.

## DELIVERY SERVICE

We can quite often arrange to deliver full trailer load orders with our own 32' closed van, for which a reasonable charge is made. Quite often, less than trailer load lots can be combined with other orders consigned to the same locality.

Delivery charges are always net, due and payable when stock is delivered.

WHEN PICKING UP STOCK WITH YOUR TRUCK please be sure to send a tarpaulin or suitable covering to protect your plants from drying out on the road. We will supply labor to load your truck and during the busy planting season can arrange to load your truck in the evening or Sundays if necessary.

3 to 3½ ft. ....	4.50	4.00	3.50

**Vegetus** (Big Leaf Wintercreeper) Low, spreading evergreen. Scarlet fruit.

18 to 24 in. ....	3.00	2.50	
2 to 2½ ft. ....	3.50	3.00	

*Ilex Crenata*, resembling *Rotundifolia*

*All of our Ilex is well sheared, extremely hardy and has exceptionally good color.*

*Heavy sheared specimen from one of several fields (see below) of clipped specimen holly.*

*Ilex Convexa*, 3-3½'

*Ilex Convexa*

*Small section of several fields of heavy sheared plants. Photographed on our Penna. farm.*

**ILEX (holly)**

This year we again have exceptionally fine blocks of *Ilex Crenatas*. Plants are well sheared, have good color and are perfectly hardy as we have tested them over a period of years under some of the most adverse conditions. During the winter of 1958-59 many hollies were severely damaged or killed outright. All of our holly varieties came through the long deep freeze in excellent salable condition—proof of the superiority of our strains. Volume production enables us to make these items exceptionally good buys.

**Convexa (Bullata)** (Convexleaf holly) Slow growing; small, glossy, boxwood-like leaves.

	1-4 each	5-24 each	25 & up each
10 to 12 in. ....	1.75	1.25	1.00
12 to 15 in. ....	2.25	1.75	1.50
15 to 18 in. ....	3.00	2.30	2.00
18 to 24 in. ....	3.50	3.00	2.75

6 to 7 ft. ....	14.00	13.50	13.00

Extra heavy specimens, 5-6 and 6-7. Prices on request.

**Crenata Rotundifolia**—(Round leaf Japanese holly) Large, dark green foliage.

	1-4 each	5-24 each	25 & up each
18 to 24 in. ....	4.00	3.75	3.50
2 to 2½ ft. ....	4.75	4.50	4.00

**ILEX CRENATA UPRIGHT—Shrub type—Light grade**

Good for hedges. Very hardy

2 to 3 ft. B&B each per 100 .....	2.00
3 to 4 ft. B&B each per 100 .....	3.00

*American Holly, 2-3'*

*2-3' American holly typical of field pictured below. These plants are sheared and our selection of named varieties are very hardy. All of our hollies came through the severe winter of 1958-59 in excellent salable condition.*

*2½-3½' sizes pictured here. Photographed on our Maryland farm.*

*Field of American Holly, named varieties*

**OPACA (American holly)**

We have been testing and growing hollies for over 25 years and are pleased to offer a wide selection of exceptionally fine varieties. Our tests have shown that the varieties offered here are not only outstanding in their character of growth, fruiting habits, etc., but have proven to be exceptionally hardy as well; even through the severe long deep freeze of the winter of 1958-59.

**FEMALE—Group I**

**Angelica**—Well branched pyramidal. Large leaves and fruit.

**Arden**—Orange-red berries. Good habit.

**Brilliantissima**—Pyramidal. Small spiny leaf. Pink-red fruit.

**Cardinal**—Good foliage and berry habit.

**Farage**—Quite long, deep green leaves. Dark red fruit.

**Frank**—Compact habit. Good red fruit.

**Greta**—Pyramidal. Dark green foliage. Dark red fruit.

**Harrisburger**—Narrow leaf. Bright berry.

**Johnson**—Pyramidal. Medium size foliage.

**Manig**—Dark green foliage. Bright fruit.

**Parkton**—Large leaf. Dark fruit.

**Pitman**—Irregular habit. Good foliage and fruit.

**Rotundifolia**—Quite round spined leaves. Good fruit.

**Sarah Higgins**—Medium size leaves. Good fruit.

**Waltermeyer Compacta**—Pyramidal type. Compact with good fruit.

*English Holly, 18-24"*

*Block of English Holly, 4-5' named varieties*

	1-4 each	5-24 each	25 & up each
--	-------------	--------------	-----------------

#### **AQUIFOLIUM (English holly)**

English and Chinese hollies have been tested along with opaca varieties. By the same process of elimination we have selected varieties with good growth and fruiting characteristics and outstanding hardiness as well. Our stock plants have become well acclimated to Northern weather over the years giving us considerably harder strains; in many cases better than some so-called "hardy" opacas. These are exceptionally heavy plants grown in the open field. The beauty of these hollies is unsurpassed.

#### **FEMALE**

**Altaclarensis**—Bright green leaves. Good red fruit.

**Rich**—Spiny, medium size leaf. Good red fruit.

**Pyramidalis Compacta**—Small light green evenly spined leaves. Abundance of red fruit.

**Jan Van Tol**—Dark green leaves. Bright red fruit.

**Noll's**—Spiny, medium size leaves. Good red fruit.

**Father Charles**—Large reddish-green leaves. Large red fruit.

**Fisheri**—Glossy, rather long leaves. Bright fruit.

**Fractu Luteo**—Dark green spiny leaves. Yellow to orange fruit.

**Hodginsi**—Large dark green leaves. Large fruit.

Not every variety in every size.

-------------	--------------	-----------------

## HYBRIDS

We are growing over 100 named hybrid varieties on their own roots. These are available in sizes ranging from liners to 5 ft. heavy field plants. Our rhododendron are grown in the open field, in full sun and are exceptionally nice; most varieties are well budded. Although we have concentrated a great deal of effort to growing rhododendron through the years, we have never had any nicer plants to offer.

If you need rhododendron, we have the best and at lowest prices. Acres of rhododendron—ready to dig. Come, see them. Order early, there's never enough to go around.

Approximate blooming time

E—early    M—midseason    L—late

4 to 5 ft. hvy. cut-back B&B .....	5.00	4.50	4.00
5 to 6 ft. hvy. cut-back B&B .....	6.00	5.50	5.00

*Euonymus Compacta*, 24-30" heavy

	1-4 each	5-24 each	25 & up each
<b>Compacta</b> —More compact, slower growing than <i>E. alatus</i> —beautiful red Autumn foliage and red berries in abundance.			
12 to 15 in. B&B .....	1.50	1.00	.75
15 to 18 in. B&B .....	1.75	1.25	1.00
2 to 2½ ft. Xtra. hvy. B&B .....	2.75	2.15	1.80
2½ to 3 ft. Xtra. hvy. B&B .....	3.25	2.75	2.25
3 to 3½ ft. Xtra. hvy. B&B .....	4.25	3.75	3.50

*Euonymus Compacta*. 2½-3½'. Photographed on our Maryland Farm.

#### PHILADELPHUS (Mockorange)

<b>Virginalis</b> —large sweet-scented flowers. Tall growing.			
18 to 24 in. hvy. B&B .....	2.00	1.50	1.25
2 to 2½ ft. hvy. B&B .....	2.50	2.00	1.50

#### PRUNUS (Almond)

<b>Glandulosa</b> (Pink flowering almond)			
18 to 24 in. hvy. B&B .....	2.00	1.50	1.25
2 to 2½ ft. hvy. B&B .....	2.50	2.00	1.50

#### SPIREA

<b>Anthony Waterer</b> —Rosy-crimson flowers; rather narrow leaves.			
2 to 3 ft. hvy. B&B .....	2.00	1.50	1.25
<b>Thunbergi</b> —Bushy, slender branched, white flowers.			
4 to 5 ft. hvy. B&B .....	3.50	3.00	2.50

<b>VACCINIUM</b> (Blueberry). Best hybrid varieties. Heavy.			
3 to 4 ft. B&B hvy. ....	6.00	5.00	4.50
4 to 5 ft. B&B hvy. ....	7.00	6.00	5.50
5 to 6 ft. B&B hvy. ....	8.00	7.00	6.50

**VIBURNUM**

**Thieferium** (Tea V.). Beautiful long narrow foliage. Red stemmed. Orange-red fall fruit. The most attractive viburnum.

	1-4 each	5-24 each	25 & up each
2 to 3 ft. hvy. B&B .....	2.25	1.75	1.50
3 to 4 ft. hvy. B&B .....	3.00	2.50	
4 to 5 ft. hvy. B&B .....	4.00	3.50	3.00
5 to 6 ft. hvy. B&B .....	4.50	4.00	3.50

**Wrighti**—Blue-green foliage. Abundant scarlet fruit.

2 to 3 ft. B&B .....	2.25	1.75	1.50
5 to 6 ft. B&B .....	4.50	4.00	3.50
6 to 7 ft B&B .....	5.00	4.50	4.00

**SHRUB SPECIALS**

**CYDONICA JAPONICA RUBRA** (Red flowering quince)

**FORSYTHIA SPECTABILIS**

**PHILADELPHUS CORONARIUS** (Sweet mockorange)

**SPIREA VANHOUTTEI**

**TAMARIX AFRICANA** (Pink flowers)

**WEIGELA VANICEKI**—red flowering

**WEIGELA VARIGATED**—varigated leaf
